

Montagna Symposium on the Biology of Skin

Society for Investigative Dermatology

Eugene M. Farber Travel Awards for Young Investigators

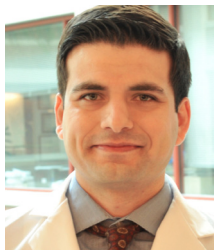

2016

Ehsan Azimi, MD

Postdoctoral Fellow
Dermatology

Harvard Medical School/MGH

"Dual action of neurokinin-1 antagonists on Mas-related GPCRs"

J r my Ch ret, PhD

Postdoctoral Fellow
University of Brest
CPO

Monasterium Laboratory

"Mast cell survival and maturation in human skin are regulated and maintained by sensory nerve fibers"

Christopher R. Donnelly, BS

Graduate Student

Biological & Materials Science
University of Michigan

"Establishment of postnatal sensory neuron diversity requires p75 potentiation of Ret signaling"

Kali Esancy, BS

Graduate Student
Neuroscience

Department of Biological Structure
University of Washington

"Do fish itch? Investigations into pruritus in the zebrafish"

Marlys Fassett, MD, PhD

Assistant Professor
Dermatology

University of California, San Francisco

"Interleukin-31 modulates cutaneous Th2 inflammation"

Rose Z. Hill, BS

PhD Candidate
Molecular & Cell Biology

University of California, Berkeley

"Identification of a novel itch pathway: the role of S1PR3 in itch"

Andrew Marshall, MD

PhD Candidate

Somatosensory & Affective
Neuroscience Group

Liverpool John Moores University

"Alterations in pruriception and pleasurable touch following spinothalamic tract lesioning in humans"

Saad S. Nagi, PhD

Postdoctoral Fellow

Center for Social & Affective Neuroscience
Link ping University

"Expansive mechanoreceptors sensitive to skin stroking in humans"

Michellie L. Young, MSC

PhD Candidate

School of Psychology
University of Leeds

"A putative model for the psychological transmission of itch from non-tactile stimuli"

Montagna Symposium on the Biology of Skin

National Psoriasis Foundation Travel Grants

Montagna Symposium Director's Travel Awards for Fostering Skin Research Among Underrepresented Scientists

Japanese Society for Investigative Dermatology Travel Award

2016

NPF AWARDEE

Denuja Karunakaran, PhD

Postdoctoral Fellow

*Atherosclerosis, Genetics & Cell Biology
University of Ottawa Heart Institute*

NPF AWARDEE

Mrinal K. Sarkar, PhD

Postdoctoral Fellow

*Dermatology
University of Michigan*

DIRECTOR'S AWARDEE

Charissa Mia Salud-Gnilo, MD

Graduate Student

*Department of Clinical Epidemiology
College of Medicine,
University of the Philippines*

*"Daily skin-to-skin contact in the neonatal period for
the prevention of infantile eczema: a concept paper"*

DIRECTOR'S AWARDEE

Antia E. Veal, MS

PhD Candidate

*Microbiology and Cell Science
University of Florida*

*"Inhibition of psoriasis through suppressor of
cytokine signaling-1 regulation"*

JSID AWARDEE

Yukinobu Nakagawa, MD, PhD

Assistant Professor

*Department of Dermatology
Osaka University*

*"Comparison of gene expression profiles in keratinocyte
irradiated with narrow band UVBand excimer light:
implication for the mechanisms of their anti-pruritic
effects"*
